## 4 Corporal Peter Cutler Memorial Trophy

### Objective:

The objective of this By-Law is:

1. To award a member for presenting the best scale model in static display at the Peter Cutler Memorial Scale Day, as determined by a panel of judges.

### By-Law

#### 4.1 History

On 11 March 1987, Peter John Cutler, a former member of the Club (6 September 1983 to 30 April 1986), was killed during an army exercise. He was 29 years of age. At the time of his death he was a member of No. 1 Signal Regiment, stationed at Enoggera Army Base, and was transmitting a message from the enclosed rear compartment of a Landrover when the driver misjudged a turn, and the vehicle rolled upside down into a ditch. The driver and another passenger escaped uninjured.

Peter was, for a number of years, a keen scale modeller and a member of the Wagga Model Aero Club before his posting to Brisbane. To perpetuate his memory his wife Brenda, children Rebecca and Matthew, parents Athol and Marie, and brothers Stephen and Gregory donated trophies to the Wagga and Tingalpa Clubs to be contested in scale competition.

The title of the award is the "CPL PETER CUTLER MEMORIAL TROPHY" (hereinafter referred to as the "Trophy").

The first contest for the "Trophy" was at the Club's annual Scale Rally, held on 21 June 1987. The name of the event was subsequently changed to the Peter Cutler Memorial Scale Day and conducted under that title on 3 July 1988.

It is the wish of the donors that the "Trophy" remain in the custody of the Club at all times. Each year the donors will provide a replica of the "Trophy" for presentation to and retention by its winner.

It is envisaged that when the Club has a Club House, the "Trophy" will be kept therein together with suitably framed photographs of the winners' models.

#### 4.2 Contest for the "Trophy"

1. The contest for the "Trophy" shall be between TMAC members registered to participate at the Peter Cutler Memorial Scale Day, and presented to the member who achieves the highest score for a scale model in static display as determined by a panel of judges.
2. Winning shall be conditional upon the demonstrated ability of the model to remain airborne in controlled flight for not less than one minute on the day of the event.
3. The "Trophy" cannot be won twice with the same model.
4. The winner of the "Trophy" will not be eligible to receive any other trophy awarded for static display in any other section of the event.

#### 4.3 Peter Cutler Memorial Scale Day

1. The Peter Cutler Memorial Scale Day shall:
  - a) be held once in each calendar year,
  - b) not be held on any weekend adjoined by any public holiday,
  - c) be MAAQ sanctioned and governed by all of the conditions applicable to sanctioned events,

- d) be controlled by the member of the Management Committee appointed as Event Co-ordinator for this event.
- e) be open to any person in possession of a current FAI Class F Aeromodels Licence,
- f) be contested in a suitable format for scale models as determined by the Management Committee. Provided that the contest for the "Trophy" shall be conducted in accordance with the conditions prescribed herein.
- g) not be bound by any of the generally accepted rules for scale competition. For example; scale documentation, engine capacity, source of construction materials, dummy pilot, precision manoeuvres or any other condition which will detract from the concept of a "low key" event.

#### **4.4 Judging**

1. The Event Co-ordinator, or a member nominated by the Event Co-ordinator, shall invite suitably qualified persons to be judges.
2. The panel of judges shall be comprised of not less than three or more than five persons.
3. TMAC members who are contestants for the "Trophy" shall not be invited to be judges.
4. Judging shall be based on the standard of construction and realism, and scored to a maximum of 100 points.
5. Models to be judged may be subjected to close scrutiny provided they are not handled by the judges.
6. Judges shall not discuss any aspect of the construction of a model with its owner.
7. Members of the panel shall judge independently of each other.
8. The judges' scores shall be averaged and collated by the Event Co-ordinator, or a member or members nominated by the Event Co-ordinator.
9. If two or more models are judged to be equal, the panel shall rejudge those models to determine an outright winner. The panel members may conduct this process independently or by consultation between themselves.

#### **4.5 Custodian of the "Trophy"**

1. The Management Committee shall appoint a responsible member of the Club to be custodian of the "Trophy". There shall be no time limit on the appointment, provided that the Management Committee or the appointee may terminate the appointment at any time. If the appointment is terminated the Custodian shall forthwith hand over the "Trophy", and all other material associated therewith, to the Secretary.

## 15 The Dave Summers Cup

### Objective:

The objective of this By-Law is:

1. To award a member for presenting the best scale model in static display at the Warbirds and Biplane Day, as determined by an independent judge.

### By-Law.

#### 15.1 History

Dave Summers was a long-time member of TMAC and only gave up flying in his mid 80's when age and infirmity made flying no longer possible for him. Dave had an interesting life – to put it mildly. He was a graphic artist (long before computers when everything was done by hand), a member of 61 Battalion Cameron Highlanders, a Milne Bay veteran, and, by war's end, an officer in the Intelligence Corps. After the war Dave went on to take over his father-in-law's farm and became a salt of the earth cow-cocky. When all that became too much he and his wife retired to Brisbane. All those who knew Dave liked him for the true gentleman he was and saw through the shit-stirring, banter loving, crotchety old bastard he pretended to be. Proud of your new Spitfire? Dave said it wasn't a bad Messerschmitt but you got the markings wrong! Bounced on landing? Dave would say it wasn't a bad ratio – one take-off to every four landings! Mind you, if something went seriously wrong and you came back with only bits of aircraft you always knew Dave was dinkum when he came to commiserate. All in all Dave was the kind of club member TMAC wishes there were more of.

#### 15.2 Contest for the "Trophy"

1. Dave built some lovely model aircraft and those he loved most were of the pre-WW2 variety – hence that's what the Cup is for. To be more specific, aircraft contesting the trophy must:
  - a. have been designed and flown before WWII; and,
  - b. not seen active combat service in that conflict or since.
2. The contest for the "Trophy" shall be between TMAC members registered to participate at the Dave Summers Trophy Memorial Day, and presented to the member who achieves the highest score for a scale model in static display as determined by an independent judge.
3. Winning shall be conditional upon the demonstrated ability of the model to remain airborne in controlled flight for not less than one minute on the day of the event [This at the judge's discretion dependent on weather conditions and whether the model has been previously seen to fly].
4. The "Cup" cannot be won twice with the same model.

#### 15.3 Dave Summers' Cup

1. The Dave Summers' Cup shall:
  - h) be held once in each calendar year,
  - i) not be held on any weekend adjoined by any public holiday,
  - j) be MAAQ sanctioned and governed by all of the conditions applicable to sanctioned events,
  - k) be controlled by a member appointed by the Management Committee as Event Co-ordinator for this event.
  - l) be open to any TMAC member in possession of a current FAI Class F Aeromodels Licence,

- m) be contested in a suitable format for scale models as determined by the Management Committee. Provided that the contest for the "Cup" shall be conducted in accordance with the conditions prescribed herein.
- n) not be bound by any of the generally accepted rules for scale competition. For example; scale documentation, engine capacity, source of construction materials, dummy pilot, precision manoeuvres or any other condition which will detract from the concept of a "low key" event.

#### **15.4 Judging**

1. The Event Co-ordinator, or a member nominated by the Event Co-ordinator, shall invite a suitably qualified person to be judge.
2. TMAC members who are contestants for the "Cup" shall not be invited to be judges.
3. Judging shall be based on the standard of construction and realism, and scored to a maximum of 100 points.
4. Models to be judged may be subjected to close scrutiny provided they are not handled by the judge.
5. The Judges may discuss any aspect of the construction of a model with its owner.

#### **15.5 Custodian of the Cup**

1. The Management Committee shall appoint a responsible member of the Club to be custodian of the Cup. There shall be no time limit on the appointment, provided that the Management Committee or the appointee may terminate the appointment at any time. If the appointment is terminated the Custodian shall forthwith hand over the "Trophy", and all other material associated therewith, to the Secretary.
2. The duties of the Custodian shall be:-
  - a) To ensure that the "Cup" and the memory of Dave Summers are preserved with dignity.
  - b) To ensure that details of the event at which the "Cup" is to be contested are published in the official Club publication in an edition which will be received by members at least four weeks before the event.
  - c) To ensure that the selection of the winner of the "Cup" is carried out in accordance the conditions prescribed herein.
  - d) To ensure that the "Cup" is displayed at the flying field on the day of the event at which it is to be contested, and that the replica is available for presentation.
  - e) To arrange for coloured photographs to be taken of the winning model and of the owner with the model.
  - f) To arrange for the "Cup" and the replica to be engraved with the winner's name and the year, and to ensure that the replica is returned to the winner.
  - g) To arrange for one copy each of standard size coloured photographs, of the model and of the owner with the model, be forwarded to the winner and the donors.
  - h) To ensure that details of the winner and the model are published in the official Club publication either separately or as part of a report on the event as a whole.
  - i) To submit accounts to the Secretary for any expenses associated with the custodial duties.
